## Objective

Versatile full stack developer with a recently completed diploma in Computer Programming from La Cité Collégiale (Aug 2025). Skilled in building efficient, maintainable, and scalable solutions across web, desktop, and mobile platforms. Equipped with hands-on experience in frontend and backend development, databases, networking fundamentals, and application design. Motivated to contribute to impactful software projects and continue growing through real-world challenges.

## Technical Skills

- **Frontend:** HTML5, CSS3, JavaScript (ES6+), Vue.js, React.js, Bootstrap, Tailwind
- **Backend:** Node.js, Express.js, REST APIs, C#, .NET, MVC/MVVM
- **Databases:** MySQL, SQLite, MongoDB, PostgreSQL, Sequelize
- **Desktop:** C#, WPF (MVVM)
- **Mobile:** Swift, SwiftUI, Android Studio (intro), Java, Kotlin
- **Networking:** TCP/IP, Subnetting, DNS, DHCP, Wireshark, Packet Tracer
- **Tools:** Git, GitHub, Postman, VS Code, Visual Studio, Xcode

## Education

La Cité Collégiale – Computer Programming (Diploma), Jan. 2024 – Aug. 2025

## Certification

CCNAv7: Introduction to Networks – Cisco Networking Academy, July 2021

## Experience

Crossing Guard – Ottawa Safety Council (May 2024 – Present)

- *Trusted with independent public safety work. Demonstrated punctuality, awareness, and effective communication.*
